North Little Rock Arkansas
FRP-06-AR-00042

Dear Administrator

Due to changes at the above referenced facility that has materially affected the response to a worse case discharge Truman Arnold Companies is pleased to submit the enclosed revised Facility Response Plan (FRP) The enclosed FRP identifies the physical changes that have been made at the facility, as well as changes made to the response planning and spill response activities that may be required as a result of the new (and existing) equipment at this facility

If you have any questions or comments concerning the enclosed FRP please feel free to give me a call at (903) 794 3835

Sincerely,

Rick Shingleur
Environmental Manager
Truman Arnold Companies
